

Stabilità microstrutturale dell'ausferrite durante la deformazione in ghise sferoidali austemperate

G. Angella¹, R. Donnini¹, M. Schiralli², M. Vedani², M. Gorny³

¹ Istituto di Ricerca CNR-ICMATE, Unità di Milano

² Dipartimento di Meccanica, Politecnico di Milano

³ Facoltà di Ingegneria della Fonderia, AGH University of Science and Technology, Cracovia (PL)

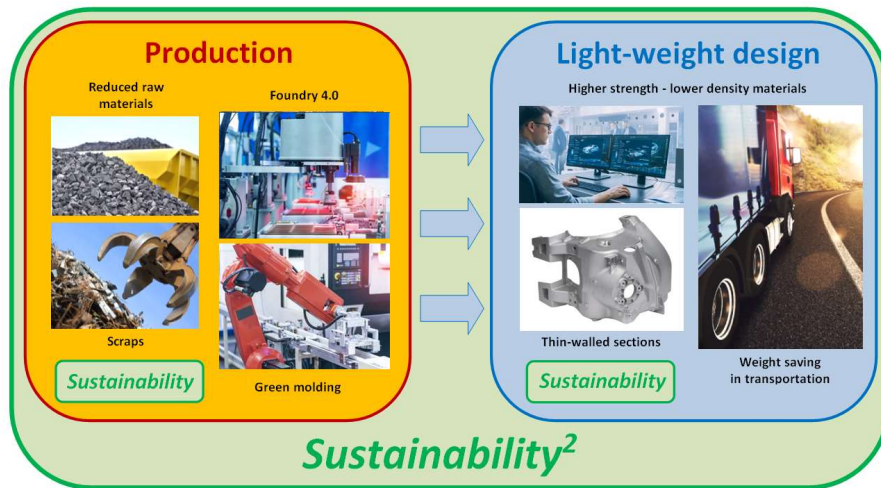

- Austempered Ductile Irons
- Stability of ausferrite: temperature and mechanical loading
- Investigation strategy
- Tensile behaviour analysis and microstructure results
- Geometry tensile specimen effects
- Conclusions
