

Join us for the 1st NetCastPL4.0 Convention on Open Access!

-  **Friday, April 11, 2025**
-  **10:30 - 12:00 PM GMT+1**
-  **Online - Join from anywhere**

Make your research FAIR—without extra effort!

Ensuring research is Findable, Accessible, Interoperable, and Reusable (FAIR) is a fundamental principle of Open Science. But how can researchers seamlessly integrate these principles into their daily workflow?

Join experts from AGH University of Science and Technology, CNR National Research Council of Italy, and Aalto University as they share practical tools and strategies that make FAIR research a natural part of the research process—rather than an added burden.

- » Discover hands-on approaches to Open Access
- » Learn how to make your research work for you and others
- » Engage with leading researchers in the field

This event is dedicated to professors, researchers, PhD students, research managers, and all those required to work under Open Access requirements.

Don't miss this opportunity to enhance your research impact!
