We warmly invite you to attend a seminar dedicated to creep mechanisms in high-temperature materials, nickel-based superalloys for demanding industrial applications.

 **Thu, February 26, 2026**

 **10:00 - 11:30 AM CET**

 **Online**

**Dario Ripamonti**

Creep deformation and microstructural evolution in Ni-base superalloys

**Riccardo Donnini**

High temperature performance of alloys: the behavior of Ni-based superalloys under dynamic loadings of mechanical and thermomechanical fatigue
